ADINA FAYZA GAYO

UI/UX DESIGNER | DIGITAL PRODUCT DESIGN

+62 896 3044 1118 | adinagayo@gmail.com | | linkedin.com/in/adinafayzagayo | adinagayo.com | Jakarta, Indonesia

PROFESSIONAL SUMMARY

UI/UX Designer with 5 years of experience in end-to-end design from user flows and wireframing to prototyping, design systems, AI-assisted design workflows and developer handoff, including B2B multi-portal operations systems and white-label platforms.

INDUSTRY EXPERIENCE & PORTFOLIOS

Insurance & Financial Services • Healthcare & Wellness • FMCG • Government • E-commerce • E-wallet • Enterprise Operations • Ride Hailing • UI/UX Digital Consultant

CORE DESIGN EXPERTISE

- **UX/UI:** User flows, wireframing, prototyping, usability testing, journey mapping, UX strategy, interaction design, visual design
- **Product & Systems:** Product thinking, system analysis, modular/atomic component systems, multi-brand & white-label products, business model analysis
- **Collaboration:** Stakeholder management, cross-functional collaboration, design handoff, front-end collaboration, design rationale documentation
- **Tools:** Figma, Figma Make, Framer, Adobe Illustrator, Adobe Photoshop, Claude, Gemini, Antigravity, Excel

PROFESSIONAL EXPERIENCE – CORPORATE

DEPTECH DIGITAL INDONESIA — Jakarta

IT consulting services specializing in websites, web portals, management information systems, and digital applications. Designed 26+ digital products for multiple clients: insurance, healthcare, FMCG, government, and enterprise platforms.

Jun 2023 – Present

Digital Product Designer, Enterprise Multi-Brand Platforms | Jun 2024 – Present

- **Delivered** white-label products for enterprise clients such as Grab, Touch 'n Go × Great Eastern, GEGM × Shopee, and mySalam × myKawan across Indonesia, Malaysia, and Singapore.
- **Designed** four-portal systems (admin, customer, agent, microsite) with claims and underwriting approval workflows in 2–4 days.
- **Designed** an insurance mini-program for Touch 'n Go's 20M+ user e-wallet through five client-reviewed versions, with subsidy eligibility checks and webview-constrained flows.
- **Analyzed** Touch 'n Go's app flows and API documentation for eKYC prefill, with fewer redundant inputs and higher data accuracy.
- **Migrated** a TNG-style component set to TNG's official UI kit after first-round approval.
- **Adapted** modular UI components across 17+ white-label products for visual consistency.
- **Redesigned** post-launch flows for mySalam × myKawan's live quiz game, with a top-5 leaderboard and a no-submit answer flow for faster live play.
- **Proposed** product logic and feature scope to PMs and engineers in Agile teams of 5–18+ members, within technical feasibility.
- **Documented** states, edge cases, and expected outcomes in developer handoffs.
- **Presented** high-fidelity prototypes to stakeholders for approval in 1–2 review cycles.

UI/UX Designer | Jun 2023 – Jun 2024

- **Owned** end-to-end UI/UX as sole designer in 4–7 member teams for healthcare, monitoring, and POS products, including Fonterra × Anlene's consumer health platform (FMCG).
- **Designed** a national election quick count system for 820,000+ witness-registered polling stations, with field-driven iteration.
- **Conducted** system audits and usability testing for validated UX improvements.
- **Analyzed** business models and user patterns against technical and business requirements.

REKA CIPTA DIGITAL — Jakarta

UI/UX Designer | Aug 2021 – May 2023

- **Aligned** design and engineering teams on project goals and development timelines.
- **Conducted** user research using design thinking and qualitative methods to define user flows, personas, and UX strategy.
- **Created** wireframes, visual designs, flow diagrams, and interactive prototypes for front-end implementation.
- **Tested** UI elements, page layouts, and user flow to optimize landing-page conversion.
- **Supported** developers through design handoff, implementation, and bug fixing.

BAZNAS — Jakarta

Graphic Designer | Apr 2020 – Dec 2021

- **Led** a design team of 3 to deliver 20+ design requests weekly across digital campaigns and print materials.
- **Coordinated** design communication across BAZNAS branches nationwide.
- **Produced** digital campaigns, advertisements, brochures, infographics, and event visuals.

PROFESSIONAL EXPERIENCE – FREELANCE

FREELANCE — Product / UI/UX Designer (Part-time, Remote)

Selected projects across healthcare, legal, travel, and e-commerce | May 2023 – Present

- **Developed** AI-powered design and prototyping workflows with Claude, Gemini, Figma Make, VS Code, and Antigravity, for rapid iteration from requirements to HTML prototypes.
- **Designed** the UI for Telkomsel Siaga's nationwide greeting wall (mobile form, moderation dashboard, curved LED display) in a 1-week sprint.
- **Designed** Pro Archery's commerce ecosystem: landing page, B2C e-commerce, customer portal, and admin/POS.
- **Designed** a legal consulting platform, therapy center ERP, checkout experiences, and directory platforms.
- **Designed** websites, mobile applications, dashboards, and digital platforms from MVP through UAT for clients in healthcare, legal, travel, and e-commerce.

EDUCATION

- **INSTITUT TEKNOLOGI SEPULUH NOPEMBER, SURABAYA (ONLINE)**
  Master of Technology Management, Design Innovation Management
  Feb 2025 – Jul 2026 | **GPA 3.89/4.00**

  Thesis: “Design Rationale Documentation and Traceability Framework for Solo Designers in Multi-Brand Products: A Case Study at PT Friendsure Teknologi Indonesia”

  Academic project: RemindITS, a task-reminder app for working students. Ran a questionnaire survey and moderated usability testing (11 participants, 5 task scenarios, SUS 70.21).

- **UNIVERSITAS MULTIMEDIA NUSANTARA, GADING SERPONG**
  Bachelor of Interactive Design
  Aug 2017 – Jan 2021 | **GPA 3.55/4.00**
